

# 2019-2020 Maine Zoology Trip Permission Form

Rudolf Steiner School of Ann Arbor

My child \_\_\_\_\_ has my permission to travel

*Print Child's Name*

with his/her class via car with chaperones using seat belts, via charter bus, or via airplane on the Maine Trip. The group will be residing at Hermit Island Campground in Phippsburg, ME.

I understand that the participants of the trip will be camping in tents, climbing and hiking in a rocky ocean shore and cliff environment, exploring tide pools, swimming in the ocean, and various other outdoor physical activities. I give permission to the activities I have checked below for my student to participate in if the opportunity arises:

- All activities INCLUDING swimming in the ocean and/or bay       All activities EXCEPT swimming in the ocean and/or bay

We will leave from Detroit Metro Airport on 9 / 8 / 19 at 10:00am

We will return to Detroit Metro Airport on 9 / 14 / 19 at 7:22pm

I understand that when students go on field trips, the School and the chaperones have little or no control over the ambient environment and there are always additional risks associated with travel beyond the School grounds. Because of these additional risks, I agree, by signing this form, to:

1. Give permission for my student to participate in the Maine Trip;
2. Contact the trip coordinators or HS Coordinator if I want more information about the Maine Trip, or have information I think the trip chaperones should know;
3. Hold the School and chaperones harmless for matters beyond their control;
4. Update my emergency contact information and my child's medical condition form, if they need to be updated;
5. Authorize the chaperones to seek and initiate medical treatment, if they deem it necessary; and
6. Talk with my child about behaving appropriately and following the directions of the chaperones on the Maine Trip
